#### **A. Overview of Information Collection**

**Title of Proposal:** Public Housing Agency Executive Compensation Information.

**OMB Approval Number:** 2577-0272.

**Type of Request:** Revision of currently approved collection.

**Form Number:** HUD-52725.

**Description of the need for the information and proposed use:** Pursuant to a notice issued annually (most recently PIH Notice 2019-21), HUD collects information on the compensation provided by public housing agencies (PHAs) to its employees. More specifically, under this collection PHAs are to report the compensation paid to the top management official, the top financial official, and all employees who are paid an annual salary over the compensation cap imposed by Congress in HUD's annual appropriations (Level IV of the Executive Schedule).

This reporting is similar to the information that non-profit organizations receiving federal tax exemptions are required to report to the IRS annually. Because PHAs receive significant direct federal funds HUD has been collecting compensation information to enhance regulatory oversight by HUD, as well as by state and local authorities. HUD provides the information collected to the public. The compensation data collected includes base salary, bonus, and incentive and other compensation, and the extent to which these payments are made with any Section 8 and 9 appropriated funds.

One of the primary purposes of this amendment to the PHA executive compensation information collection is to reduce the reporting burden on ALL PHAs by moving from an annual collection to collecting one year of data once every three years – this will reduce the reporting burden on PHAs by 66.7%.

While HUD may only collect PHA compensation data once every three years, PHAs are still subject to the annual compensation restrictions imposed by Congress. Therefore, all years remain subject to potential review by HUD to ensure compliance with the Annual Appropriations Act.

**Respondents:** Public Housing Agencies.

**Estimated Number of Respondents:** 4000.

**Estimated Number of Responses:** 4000.

**Frequency of Response:** Triennially (once every three years).

**Average Hours per Response:** One hour.

**Total Estimated Burdens:** The total burden hours is estimated to be 4000 hours triennially. The total burden cost is estimated to be \$128,080.
